MEDBURG

In order that the Philadelphia Office may be aware insofar as possible as to the activities of principal suspects in this investigation, the NCIC stop index should be utilized. Stops should be placed against prime suspects and should NCIC receive an inquiry from a local law enforcement agency, the Philadelphia Office will be immediately advised. U

Accordingly, Philadelphia should immediately submit fact sheets on each prime suspect to be included in the stop index. Furnish sufficient descriptive data such as birth date, social security number, military service number, etc. Include data on any motor vehicle utilized by the suspect. U

b6

NOTE: See Rosen to Sullivan memo 6/24/71, captioned "NCIC Stop Index Medburg." In discussions with Messrs. [redacted] of the Uniform Crime Reporting Section, it was indicated that should a local police agency make inquiry, a response would not be made to the inquiring agency with respect to the stop placed in the Medburg case. Should through mechanical deficiencies a reply be sent to the inquiring agency, it would be transmitted in such a manner so that the content of the message would be unintelligible. U

Our investigation into the burglary of the Media, Pennsylvania, Resident Agency during the night of March 8, 1971, has developed approximately 35 to 40 prime suspects who while not being directly involved in the participation of the burglary, could possibly possess information dealing with the distribution of Media documents. These individuals are being spot checked by our various field divisions, the degree of surveillance depending upon each individual's potential as a suspect. With the advent of the summer session, the closing of schools--many of these suspects are associated with colleges or universities--the propensity for travel increases. U

Under these circumstances, it would appear logical that these selected individuals be placed in the National Crime Information Center (NCIC) stop index in order that we may be made aware of any inquiry by a law enforcement agency throughout the U. S. relative to each. In this manner we could keep abreast of their activities and could possibly develop information which would be useful in connection with any future interview. U

This has been discussed with the Uniform Crime Reporting Section and it is understood that appropriate security measures have been implemented so that should an inquiry be made by a local law enforcement agency with respect to a Medburg suspect, no information would be furnished that agency. U

ACTION: If approved, Philadelphia will be instructed to submit necessary identifying data relative to each individual to be incorporated in the stop index. After incorporation into NCIC, any hit will be immediately forwarded to the Philadelphia Division, office of origin in Medburg, and the General Investigative Division. U

intention that by careful planning we may be in a position to apprehend those participating in this new break-in (15 to 25 individuals) during the actual attempt. We hope to link many of these individuals with the Media break-in. U

By memorandum dated June 24, 1971, reference was made to the feasibility of conducting a grand jury hearing into Medburg. It was recommended and approved that no action be taken along these lines until [redacted]

[redacted] In view of the fact our current inquiries have resulted in our being in a position to anticipate a hit by the Grady group within the next two weeks, any grand jury action would obviously adversely influence Grady's plans for his newest break-in. U

ACTION: If approved, we will continue our efforts along the lines set forth above, and no discussion will be had at this time with the Internal Security Division relative to a possible grand jury hearing on Medburg. U

On the night of March 8-9, 1971, the FBI Offices at Media, Pennsylvania, were burglarized by an unknown subject or subjects. Investigation is continuing in this matter. U

On September 17, 1970, a fire of suspicious origin destroyed [redacted] New York. A gasoline can and cap found at the scene, along with a statement from a service station attendant, led to the interview and subsequent confession of [redacted] In [redacted] statement, she admitted driving the three male subjects, [redacted] to within one block of the draft board at 9:00 p.m., September 17, 1970, at which time they departed the car to return ten minutes later, advising that the fire had been set. U

Complaints were authorized by Assistant United States Attorney, Northern District of New York, Syracuse, New York; warrants issued by U. S. Commissioner, Northern District of New York, Syracuse, New York, charging violation of Title 18 and 50, App., Section 1361 and 462, respectively, on September 23, 1970. Subjects [redacted] were arrested September 23, 1970, and arraigned September 24, 1970, at Syracuse, New York. Charges against [redacted] were subsequently dismissed at a preliminary hearing on October 6, 1970, as Assistant United States Attorney did not present any evidence to the U. S. Commissioner. Warrant still in effect for subject [redacted] U

There have been no convictions in this matter. U

she gave Philadelphia Detectives a "very hard time." Lt. [redacted] the Civil Disobedience Unit, Philadelphia Police Department, advised it was necessary to handcuff her to a chair. She is wanted locally on a bench warrant obtained 7/22/70, when she failed to appear for arraignment 7/2/70 on a charge of illegal entry. This is a misdemeanor, for which she cannot be extradited, but Philadelphia Police would be interested if she is known to be in this area in the future. At the time of her arrest, she had nothing on her person to identify herself. U

[redacted]

In view of the above, Philadelphia believes she should continue to be considered as a prime suspect; and, accordingly, Boston is instructed to comply with instructions in Philadelphia teletype dated 6/18/71, captioned "MEDBURG." U

Although she cannot be surveilled, because she was cited for contempt on 4/28/71 for her refusal to testify before a Federal Grand Jury at Harrisburg on 4/22/71, it is believed that attempts should be made, through established sources, to determine if she remains in the Boston area. We would be most interested to learn if she plans a trip to the Philadelphia area. Also, as instructed in Philadelphia teletype 6/18/71, a summary of her activities, which can be obtained logically and discreetly from established sources, should be submitted at the end of each week. Also, the results of toll calls should follow later. U

**BURGLARY OF FBI RESIDENT AGENCY
MEDIA, PENNSYLVANIA
MARCH 8, 1971
THEFT OF GOVERNMENT PROPERTY**

On June 18, 1971, [redacted]

[redacted] telephonically contacted the FBI Office at Philadelphia, Pennsylvania, advising he was writing a letter to the Philadelphia Office of the FBI and the United States Board of Parole Office, Philadelphia, Pennsylvania, objecting to the interview of his client [redacted] is currently on parole until September, 1973, after having served 26 months of a four-year sentence for failure to report for induction and is under the supervision of the United States Board of Parole Office, Philadelphia, Pennsylvania. U

[redacted] has been closely associated with individuals suspected of being involved in the burglary of our Media, Pennsylvania, Resident Agency the night of March 8, 1971. His whereabouts were unknown and accordingly arrangements were made with the United States Board of Parole Office, Philadelphia, to interview him when he next reported. On June 15, 1971, [redacted] was interviewed by Special Agents of the FBI at the United States Board of Parole Office, Philadelphia, to determine his knowledge regarding the burglary. During the interview [redacted] admitted two unauthorized trips to Washington, D. C., and alluded to a trip to New York for homosexual experiences in violation of the terms of his parole. [redacted] was most cooperative and cordial during the interview, and the interview was terminated with [redacted] pledging his cooperation to the FBI. U

[redacted] subsequently made a press release at Philadelphia, Pennsylvania, claiming the FBI had threatened to revoke his parole unless he cooperated with them. Agents who participated in the [redacted] interview have unequivocally denied this false allegation. U

Attached for inclusion in running damage assessment brief (pages 215 - 219) are writeups on four additional items relating to work of Domestic Intelligence Division (DID) not previously known stolen from former Media, Pennsylvania, Resident Agency. Documents in question are missing from Philadelphia files, charged to Media Resident Agency, and presumed to have been stolen. *U*

Racial Matters

One item relates to work in this area. It is a memorandum to the SAC Philadelphia concerning the Delaware County, Pennsylvania, Consulate of the Republic of New Africa (RNA), a black extremist group, setting forth information relating to the arrest of two RNA members by local police who made available to the FBI information in possession of the RNA members. Mention is made in the memorandum that investigations are being instituted on the RNA members and

Three documents relate to work in this area. One is a teletype from the Alexandria Office concerning a demonstration at the Pentagon by A Quaker Action Group, an antiwar group associated with the pacifist American Friends Service Committee. The other two documents are an airtel and a letterhead memorandum also relating to activities of this group and demonstrations at the Pentagon in July 1969. The documents show details of demonstration activity by this group.

Enclosed for the Bureau is one copy of a section of Xerox Manual for 660 Machine.

The following is a summary of examination conducted by Xerox Corporation, Webster, New York.

TONER EXAMINATION

Toner analysis conducted on 3/27/71. Xerox copies of Q23, 24, and 28 were made. Due to the length of time and destructive process, analysis was confined to three samples. Center portion of each of the three documents were removed and sufficient sample of toner was extracted. Analysis disclosed toner to be Xerox 1190, used exclusively in Xerox 660 Machine. This toner is unique to Xerox, which uses a fluidizing polymer (Penta Erythritol Tetra Benzoate). Results of complete toner analysis with graffs from Xerox will be furnished the Bureau.

PAPER EXAMINATION

Paper analysis conducted on 3/29/71. A small portion of Q13, 14, 15, 23, 24 and 28 were removed for this analysis. The following is a composition of the documents analyzed:

Q13

Hardwood Beachwood Kraft	24%
Hardwood Bleached Sulfite	35%
Softwood Bleached Kraft	41%

Q14

Hardwood Bleached Kraft	20%
Hardwood Bleached Sulfite	55%
Softwood Bleached Kraft	25%

Q15

Hardwood Bleached Kraft	31%
Softwood Bleached Kraft	20%
Softwood Bleached Kraft	49%

Q23

Hardwood Bleached Neutral Sulfite	
Semichemical	69%
Softwood Bleached Kraft	31%

Q24

Hardwood Bleached Neutral Sulfite	
Semichemical	75%
Softwood Bleached Kraft	25%

Q28

Hardwood Bleached Neutral Sulfite	
Semichemical	79%
Softwood Bleached Kraft	21%

Q13 and 14 have characteristics similar to paper produced by Nekoosa Edwards, Port Edwards, Wisconsin, with a plant in Potsdam, New York.

No conclusion could be obtained regarding Q15, due to the difficulty in staining because of resins - zinc oxide coating.

Q23, 24 and 28 appears to be Hammermill Paper, Erie, Pennsylvania with plants in Lockhaven, Pennsylvania and Oswego, New York. Hammermill supplies paper to Xerox according to xerox specification and also supplies paper to other sources under the same specifications. Therefore, no determination could be made as to whether the paper was Hammermill for Xerox or Hammermill for another source. It was concluded this paper is not Xerox 1024 or Hammermill 0 copy, due to the lack of water mark which indicates a Grade One paper. The paper appears to be Xerox 4024 (Grade Four), Xerox 1524 (Grade Five), Hammermill Fore 0 copy (Grade Four) or Hammermill Savings 0 copy. The difference between Grade Four and Grade Five paper is essentially due to the characteristics of the surface and this difference could not be ascertained due to toner and background on documents. The paper is a relatively smooth common bond duplicator grade.

REPRODUCTION METHODS

Olivetti Underwood Copia II and Copia III impart a distinct dark color border on both sides and the top of the copy. These machines utilize zinc oxide coated paper. Olivetti Underwood is located Englewood Cliffs, New Jersey. An example is Q15.

3M Process is Dual Spectrum. This process utilizes white and pink paper, each containing a chemical passing over an exposure section, which is then heat treated for development. 3M produces five machines which are as follows:

- (1) Casual Compact (Brief Case Type)
- (2) Casual Desk
- (3) Copy Mite
- (4) Model 107
- (5) Model 209

3M also underlicenses a machine, Trans-O-Gram Copymate. This machine as well as the above 3M machines utilizes 3M paper, which has a tulip mark on the reverse side.

The Xerox 660 is in a family with Xerox 330 and 813, however, the 660 is the only xerox machine that reproduces at a one to one ratio. This machine imparts certain mechanical characteristics upon the original and the copy. The top edge of the original will have imparted upon it by the machine four pin-points which is caused by the document grippers. The document grippers hold the original to the document drum during the cycle. Copies should have three double sets of pinch marks on the top of the page, which is caused by the gripper bar. The gripper bar attaches to the copy and is pulled through the machine during

the cycle. Thin vertical lines, approximately two and one half inches from each side of the copy is caused by toner build-up on the feed out rollers. Three wider vertical lines at the bottom of the copy is caused by toner build-up on document drum under the stops. The top one half inch of the original document will not be reproduced on the copy unless the plastic document carrier is used. If the document carrier is used the four pinpoint will not be imparted on the original.

UNIQUE DOT

From analysis of numerous documents submitted, it is noted a unique dot characteristic to the unknown machine is located four and one half inches from the left side and from one quarter to one half from the bottom. This unique dot is reproduced on a eleven inch copy from a ten and one half inch original. Therefore, the last one half inch of the eleven inch copy is a reproduction of a one half inch section of the document drum. The dot can be caused by either dirt on the drum or a chip from the drum. To reproduce the dot it is necessary to utilize a ten and one half inch original and reproduce this on eleven inch paper. It is noted that if ten and one half inch document is reproduced on ten and one half inch paper, the dot will not appear. It is noted if an eleven inch document is reproduced on eleven inch paper the dot will not appear. In the event the unique dot is caused by dirt on the document drum the dot could be removed when the machine is cleaned. It is noted this unique dot is present on Q17-22, 24-26, 28-32, 35-41, 43, 45-47, 52-58, 60-66, 69-80, and 83. U

REPORT 12-18-70

b6
b7C

Dear Friend:

On November 27, J. Edgar Hoover, Director of the Federal Bureau of Investigation, testified before the Senate Appropriations Committee that a "conspiracy of Catholic nuns, priests and lay people," masterminded by [REDACTED]

[REDACTED] Mr. Hoover's testimony suggested that all the persons associated with anti-war draft actions were a single conspiratorial group, led by [REDACTED] and all identified with the group known as [REDACTED]

Those of us who know the ad hoc and nonviolent character of the Catholic resistance movement in these areas feel that these charges represent a very serious escalation of government repression of dissent and political opposition. Needless to say, the many people associated with the various actions are not a single group, are not led by [REDACTED] in any organizational sense and totally reject the kind of actions which Mr. Hoover describes. Such testimony is an obvious effort to instill panic in the main body of the citizens by conjuring up an image of desperadoes who are planning to put together in one package all the various tactics of third world revolutionaries in Cuba, Vietnam, French Canada and Palestine.

If the FBI can make such charges totally without evidence, without any actual crimes committed and potentially bring down serious indictments based solely on their 'secret evidence' of 'conspiracies' and 'plots,' no citizen is safe and our civil rights will quickly disappear.

We feel that it is time for the broadest possible coalition of concerned citizens in all walks of life, but especially those connected with the church, to register a very strong protest in Washington against such political and repressive use of the legislative power of the FBI, and to make a dramatic manifestation of our repudiation of terrorism both by the Left and by the government. Finally we wish to show our determination to work for change through persuasion and reasoned confrontation with the issues. Nothing less than a transformation of consciousness and a rededication to constitutional ideals and human values can save this country from a very dangerous turn toward total destruction of liberty and hope both at home and around the world.

We call on you to respond to this and arouse your friends and colleagues to do likewise. As a service of national rededication, we plan to hold a 24-hour fast-vigil in front of the Justice Department, December 18-19. We will assemble at a near-by church (to be announced) at 4 p.m. Friday and march from there in solemn procession to the Justice Department where we will commission the fasters with laying on of hands. At 3 p.m. the following day there will be a concluding celebration of the Eucharist, led by a broad spectrum of church and civic leaders. We call on you to come and bring others to participate in some or all of these events and to join us in this rededication to solidarity, resistance to oppression and commitment to authentic social values.

above, advised that he is the owner of the above two family
residence and rented the ground floor to the JOHN GRADY
family from the middle of 1959 to February, 1964. He
advised subject was married (with 4 children in 1964) and
considered a fair tenant. He stated subject was an "aggressive"
type of individual in that he kept using more space in the
building than he was allotted and caused mental discomfort
to [redacted] wife in that he demanded many extra things for
his apartment. [redacted] stated the only derogatory information
regarding GRADY other than his seeking more than his rights
as a tenant is that he did not pay his last three months
rent without court action and took over 14 months to find a new
apartment after being asked to vacate the apartment. [redacted]
stated GRADY was not a heavy drinker and almost all of the
tenants in the neighborhood who could possibly have known
GRADY have moved from the neighborhood since the GRADYS moved.
[redacted] stated the only people close to the GRADYS were
people from outside the neighborhood and the GRADYS never
closely associated with anyone in the neighborhood. He
stated he did not know subject's previous address but believed
subject resided somewhere in Chicago, Illinois. U

Investigation regarding Cornelius J. Drew
Foundation:

On May 28, 1971, [redacted]

[redacted] Office of the Controller of the
City of New York, Municipal Building, New York City, furnished
the following information: U

[redacted] advised that his department is presently
involved in reconciling approximately \$8,000,000.00 in
accountabilities owed to the City of New York by numerous
anti-poverty agencies that had received federal and city
grants under the Economic Opportunity Act. [redacted] explained
that the accountabilities are owed either by explanation of
fund expenditures or in the alternative by a return of non-
expended cash. He stated that one such agency, operating under
the direction of the Human Resources Administration (HRA) of
the City of New York, Community Development Agency,
was the Cornelius J. Drew Foundation (CDF). CDF was advanced
\$63,000.00 for which \$49,820.98 has not been accounted, and
advanced \$20,873.25 for which \$6,521.32 has not been accounted.
The current total accountability, composed entirely of
federal funds is \$56,342.30. U

[redacted] stated that in the case of CDF, an advance
represents an initial out lay of federal funds from the City
of New York, so that the agency can begin operations. The
accounting for the advance would occur when the agency ceased
operations. Other allocations to the agency would be handled
by the submission of expense vouchers to HRA for payment by
the City of New York which maintained control over other
agency funds. U

In regard to CDF, [redacted] advised that he is not
certain if the account has been settled with HRA and then
owing to the City of New York by HRA or whether the account
is still owed to HRA by CDF. He indicated that CDF terminated
its operations in September, 1967, but that nothing had been
done to date to complete the reconciliation. [redacted] stated
that this same situation exists with numerous other anti-
poverty agencies, explaining that at the inception of the anti-
poverty programs, the accounting procedures of the various
agencies were extremely poor. U

NY 62-14475

b6
b7C

Due principally to a lack of records, as well as the number of agencies involved, [] was unable to furnish a projected date that the reconciliation of the CDF account would be completed. U

[] informed that by the terms of the contracts to set up the agencies, all the records for an agency could be destroyed after three years from the date of agency termination. He added that, in his opinion, equipment purchased under the contract, would, at the termination of the contract, become the property of the Office of Economic Opportunity. U

[] concluded by stating that he was not aware of any specific misappropriation of equipment or program funds in connection with CDF, but was aware that CDF had been previously investigated by HRA. U

NY 62-14475

In regard to this investigation, the New York Office will continue efforts to ascertain if a prosecutable violation exists. Appropriate officials at HRA, currently involved in the audit of CDF, will be promptly interviewed to determine results of their inquiries. Efforts will also be made to expand information regarding GRADY's alleged misappropriation of federally owned equipment. U

b6
b7C

The following investigation was conducted by SA [REDACTED]
[REDACTED] at Chicago, Illinois: U

On May 19, 1971, [REDACTED]
[REDACTED] advised a search of his records revealed that
JOHN PETER GRADY was employed by the Cana Conference of Chicago
from October 1, 1960, through June 13, 1961. He stated his
title was Executive Assistant. U

He stated that prior to his employment with the
Cana Conference, GRADY was associated with a Catholic magazine,
Jubilee, which is published somewhere in the East. U

[REDACTED] stated that GRADY was an excellent
organizer and was very successful in handling large conferences
and conventions. He stated that as adept as GRADY was in this
capacity, he was deficient in detailed work and everyday paper
work. [REDACTED] stated that if his budget was large
enough to maintain a public relations man for the handling of
such conferences with no requirements as to detailed work, then
he could think of no man he would prefer over GRADY. U

He stated that inasmuch as he needed someone who was
more well-rounded in his abilities in this line of work, he
was forced to terminate GRADY. He stated that the termination was
amicable as GRADY realized his weakness in detail-type work and
was aware that this part of his job was equally as important
as the organizational aspect of the job. U

[REDACTED] advised that he considered GRADY
to be a very intelligent individual and GRADY in no way ever
conducted himself in any manner which would cast aspersions on
his loyalty or trustworthiness. He stated his personal opinion
of GRADY was that he was extremely loyal and his character and
morals are above reproach. U

2

He stated he can think of no one at the Conference who would have known GRADY. He stated that GRADY was very active in meeting with many different types of individuals while with the Conference and as a result of his dedication, he had little time for private social activities. He stated that the only friends GRADY had which are known to [redacted] would be [redacted] U

He advised that GRADY was associated with [redacted] as both did work with a Montessori School located somewhere in the western suburbs of Chicago. He stated he thinks that this school is now known as the Alcuin School. U

[redacted] stated that he does not think GRADY was involved to a large extent with Montessori schools in Chicago although he did become quite active in working with these schools after he left Chicago. He stated that after GRADY left Chicago he attended a conference in an unknown city and he happened to meet GRADY. He said that GRADY was attending some type of Montessori School conference in this same city. U

He advised that he heard that when GRADY left Chicago he returned to the East and went into politics. U

JOHN GRADY was listed in school records as one of the founders
of the Alcuin Montessori School. She stated that prior to
founding this school, GRADY took part in establishing the
Chicago Montessori Society (an organization which is no longer
in existence). Subsequent to this, GRADY and two doctors
named [redacted] organized the Alcuin School. The organization
and incorporation of the school took place in late 1960 and early
1961. The school opened for classes in September, 1961. U

The following investigation was conducted by SA

[redacted] U

On May 20, 1971, [redacted] advised he first met JOHN PETER GRADY in 1960 at Notre Dame during a Christian Family Movement Meeting where GRADY was selling subscriptions to the "Jubilee" magazine. Some weeks later, GRADY came to Chicago where he and [redacted] and his wife [redacted] and his wife, and a few other couples met with plans to form a Montessori school. GRADY led the formation of the school known as the Alcuin School in Oak Park, Illinois. U

He said that while in Chicago, GRADY worked at Cana Conference, Chicago, Illinois, where he met and became acquainted with [redacted] U

[redacted] continued that GRADY had received an MA in Sociology from Fordham University and had worked in the social field of Puerto Rico. U

He stated that he knew very little about GRADY's

[redacted] U

[redacted] further advised that GRADY was not a member of any radical or subversive organization that he knew of and inasmuch as GRADY was in Chicago for only about two years, he considered GRADY a fine person and of good character. U

He concluded that he had not seen nor been in contact with GRADY for about ten years since GRADY left Chicago for New York. He said that GRADY went to New York and formed Montessori schools there. U

3 Seminarians Are Arraigned As Squatters

By KEITH MOORE

Three Jesuit seminarians were arraigned in Criminal Court on charges of criminal trespass yesterday after they had claimed squatters rights to a building owned by Columbia University.

The seminarians, believed to be affiliated with Woodstock College at 475 Riverside Drive, claimed in court that police smashed the door to their apartment at 150 Morningside Drive early yesterday. They had been living there since June 25, they said.

Columbia Complained

Police said they moved in on the group on a complaint from Columbia University and found 10 to 15 persons asleep on mats on the floor.

Six of the tenants, police said, refused to leave the building, which the university first planned to demolish nine years ago.

Booked at the W. 126th St. station were seminarians Peter Ford, 34, Edward McGowan, 36, and Edward Murphy, 34.

Arrested with them were Robert Good, 28, and Kathleen Reagan. A third man, Michael Bucci, 23, gave his address as 2164 Grand Ave., Bronx.

Late last week, after Ford and Murphy had moved into the building, the two seminarians asserted that "Columbia has had this building for years and has barricaded the windows to prevent tenants from moving in."

A Columbia spokesman explained at the time that the building was "one of several buildings in the area to be renovated. When the buildings are finished, they'll be available for residents in the area, students and faculty members."

Tell of Vacant Units

Those living in the building say that there are 13 vacant apartments of seven and eight rooms renting for from \$30 to \$175. Most have been vacant for many years, they said.

On May 1, Mrs. Juanita Kimble and her 10 children celebrated her first year as a squatter with a "paint-in." Mrs. Kimble still lives in the building.

Criminal Court Judge Morris Schwalb released the six suspects in their own recognizance yesterday, pending a hearing Tuesday.

Sirs,

I have been informed that my case for turning in my SSS card and/or failure to report for induction, has been returned to you with a letter stating that the federal district attorney refused to prosecute this case. I am writing to you to let you know that my address has changed and to explain where I stand, morally, as concerns the Selective Service System.

My address is: home-

office-

When I last had contact with you I informed you that I was becoming a non-cooperator. I still am a non-cooperator and I shall remain so. I am presently employed by [redacted]. Since last speaking with you I have been actively giving my life for the peace that I so long for. I have organized Free Presses among the students. I have marched with my fellow workers for peace. I have counseled other young men in their problems with the draft. I am, and shall remain so, in open and constant conflict with the system which perpetuates the Selective Service System.

The Selective Service System is America's modern form of slavery. It is averse to every moral value which is expressed in the "American Dream". Yes, I too have that dream; although it is a dream of a free world, a happy world, a world where children can live without fear. That world can never be as long as we or any country maintains an institution which recruits men to kill other men, for that world can never be as long as men continue to kill.

Because I am searching and working for that new world, I will expose you. I will give my life if necessary to destroy the system which I believe to be destroying the world and the people that I love.

The Selective Service System has not long to live, for all over the young men are rising up against it. For every one of us that you put in jail there were nine up to take the place of those imprisoned brothers. You have imprisoned some of my best friends. I shall not be intimidated nor shall I fall prey to your offers of a shady peace in the form of a deferment.

I shall INSIST you. I shall be one of those men who in striving to live a good life, as they understood it, destroyed the Selective Service System.

Dear Friends:

In my letter dated Sept. 15, 1969, I informed you that I intended to remain a non-cooperator. In this letter I shall give you more details of the act which, once again, will disaffiliate me from the Selective Service System.

On October 15, 1969 the Philadelphia Draft Resistance will hold a draft card turn-in. During that afternoon I shall turn my card over to Resistance, to do with as they see fit. I don't want the damn thing. At this time I will make verbal confirmation of my Resistance and attempt to persuade other young men to turn-in their SSS cards, as I have done.

Part of my presentation will tell of the idiotic blundering of Board No. 63. A draft board which could not even function within its own Selective Service Laws. I feel that you have a right to defend yourselves from such verbal attack. Therefore, I invite you too to be in Philadelphia on October 15th at Kennedy Plaza to respond in rebuttal to what ever I say at that time. Please feel free to respond openly and honestly.

Yours in Love and Peace.

Statement

b6
b7C.

We, [redacted] claim responsibility for the destruction of draft files at [redacted] in Boston on November 7. Through this offence to good taste and to law and order we make ourselves responsible for our lives and for the lives of our brothers.

We destroy some of these files today in Washington because we believe that the Peace Movement must seriously consider its responsibility to MOVE. We, as you, have marched, written letters, conferred with officialdom, spoken against the war, capitalist materialism, and military control. Mr. Nixon responded to our and your pleas in his November 3 speech, and we responded to these same pleas in Boston on November 7. If you feel as we do that marching and demonstrating are unproductive, we encourage you to take responsible action to secure peace and to end injustice.

We have fashioned hope with our bodies, as free people must do. We oppose with our lives genocide in Viet Nam and the arms race, exploitative investment abroad, rape of foreign manpower and resources, domestic racism, environmental ruin, and militarism in any form--Selective Service, lottery, or volunteer army.

We attack Selective Service because it illustrates the powerlessness of all Americans, as well as the arrogance of power. It is to return control to the one, and to check the other, that we have acted. We believe that it will be impossible to reconstruct the draft records in Boston. All 1-A and 1-Y files were destroyed, as were files for resisters, delinquents, non-registrants. Chronological ledgers, alphabetical cross reference systems and minutes of draft board meetings were also destroyed.

Our action demonstrates that non-violent civil disobedience can effectively halt injustice. To us, such action is a profound moral and political duty, necessary to exalt life and secure peace. To these ends we deplore terroristic attacks which endanger life and engender fear.

Peace,

F. PHYSICAL DESCRIPTION

The following physical description of [] was obtained during the course of another investigation conducted during 1969 and 1970 relative to a reported violation of the Selective Service Act on the part of [] additional data obtained through former neighbor and school record: U

Race	White
Sex	Male
Date of birth	[]
Place of birth	[] Maryland
Height	5'7 1/2"
Weight	165 pounds
Hair	Dark brown
Eyes	Hazel
Selective Service #	[]

Address (1969-70)	[]
Selective Service Classification	IV-F

Previous investigation involved the burning of his draft card by [] who forwarded an unburned portion of this card to his local board, #63, Hagerstown, Maryland, by letter advising this board of his action. Prosecutive action regarding this act was declined by the office of the U. S. Attorney, Baltimore, Maryland, at that time in view of [] IV-F classification. U

G. MISCELLANEOUS

On May 27, 1971, [] Maryland, advised that the [] family formerly resided in that community but moved from the area approximately two years ago to around the Leitersburg or Ringgold, Maryland, area. She advised that []

[] stated [] has not been known to have been in or around [] Maryland, area for two or three years. Prior to his leaving the area, it was rumored he might be experimenting in the use of drugs and narcotics; however, she knew nothing specific concerning this. U

On May 27, 1971, [redacted] Maryland, mother of [redacted] acknowledged she was her son. She stated she was aware of his "deep-seated convictions" regarding military service and the current draft laws. While she held similar convictions, she did not fully agree with her son on active resistance to these laws or any laws. She stated she felt passive resistance was the proper manner in which to oppose any law one did not believe in or held a conviction against, and that a passive resistor must be ready to accept the full punishment of the law for his or her resistance. She feels her son would accept any punishment meted out for his destruction of his draft cards and for his failure to carry them in his possession. She does not know his attitude toward accepting punishment for more active resistance, and, for this reason, she did not care to discuss his past activities; she felt this decision should be left by her up to her son. She advised she knew her son's current residence address, but that she did not desire to furnish same to the FBI until such time as she had had the opportunity to correspond with him and advise him she was going to do so. She stated she did not want to appear uncooperative; however, she feels whatever the interest in her son may be it is his decision to make, not one for her. She stated she would furnish his address at a later date. U

[redacted] did advise that she did not know of any gainful employment her son had engaged in since graduating from high school. She further advised she had last seen him in Baltimore, Maryland, in October 1970, when he visited her for a day when she was confined to a hospital there. She advised that prior to that time, according to his letters, her son had been in Philadelphia, Pennsylvania; New York, New York; and Boston, Massachusetts. Since October 1970 to her knowledge, he has been out in the western part of the U. S., in Missouri, Kansas and most recently in Denver, Colorado. U

By communication dated November 19, 1969, the Washington Field Office furnished a Xerox copy of the statement of [REDACTED] which was handed out in Washington, D. C. near the Lincoln Memorial on November 15, 1969, which is as follows: U

Statement:

b6
b7C

We, [redacted] claim responsibility for the destruction of draft files at [redacted] in Boston on November 7. Through this offence to good taste and to law and order we make ourselves responsible for our lives and for the lives of our brothers.

We destroy some of these files today in Washington because we believe that the Peace Movement must seriously consider its responsibility to MOVE. We, as you, have marched, written letters, conferred with officialdom, spoken against the war, capitalist materialism, and military control. Mr. Nixon responded to our and your pleas in his November 3 speech, and we responded to these same pleas in Boston on November 7. If you feel as we do that marching and demonstrating are unproductive, we encourage you to take responsible action to secure peace and to end injustice.

We have fashioned hope with our bodies, as free people must do. We oppose with our lives genocide in Viet Nam and the arms race, exploitative investment abroad, rape of foreign manpower and resources, domestic racism, environmental ruin, and militarism in any form--Selective Service, lottery, or volunteer army.

We attack Selective Service because it illustrates the powerlessness of all Americans, as well as the arrogance of power. It is to return control to the one, and to check the other, that we have acted. We believe that it will be impossible to reconstruct the draft records in Boston. All 1-A and 1-Y files were destroyed, as were files for resisters, delinquents, non-registrants. Chronological ledgers, alphabetical cross reference systems and minutes of draft board meetings were also destroyed.

Our action demonstrates that non-violent civil disobedience can effectively halt injustice. To us, such action is a profound moral and political duty, necessary to exalt life and secure peace. To these ends we deplore terroristic attacks which endanger life and engender fear.

Peace,

[redacted] stated he is an anarchist and has disassociated himself with the United States Government. He stated he has lived in communes since he was 15 years of age and the Government has always "hassled" him. He said until a short time ago he intended, and was attempting, to tear down the United States Government, but now has disassociated himself from the Government and is building a new life based on freedom. U

He said he has the ability to make everything he needs without depending on society to furnish him his needs. He said he is an accomplished carpenter, saddle maker and farmer. He said he is also a good sailor. He said he and fifteen other men and their women are establishing a place to live. This place is a communal farm and they are in the process of building buildings. He said now they are almost all residing together but will each eventually have their own residence on the farm. He said he hopes to eventually purchase property in the Ozark Mountains and establish a communal farm there. U

He said his woman, [redacted] is eight months pregnant. She does not intend having the baby in the hospital as [redacted] claims this affects a baby's health and prospects for a long life. He said the hospitals give women sedatives which cause the child to stay in the birth canal longer and thereby eventually shorten its life. He said a child, when born in a hospital, does not open its eyes for several days, whereas when a child is born naturally, it opens its eyes within a few hours. He said he and [redacted] are not married. U

[redacted] said that he has been operating a leather business but has closed this business, and before that had helped another group of people set up a collective farm. He said he taught them some farming and helped them build their

[] said he has traveled some in the east since coming to Colorado from Kansas, but his woman, [] has not traveled with him. He stated he did not participate in the burglary of the Media, Pennsylvania Resident Agency or the attempted burglary of the Garden, City New York Resident Agency. He said if he knew the identity of the persons responsible, he would not reveal same, but would admit that he knew who they were. He advised if he had participated in the attempted burglary of the Garden City Resident Agency, it would not have been an attempt but would have been a burglary. He stated he always accomplishes what he sets out to do. U

When questioned concerning the Media and Garden City Resident Agency burglaries [] expressed what appeared to be complete surprise, stating that he did not know that any FBI establishments had been "hit". He further stated that he does not listen to the radio, watch television or read the newspapers. He said he had heard that FBI documents had been mailed to newspapers and congressmen in the east but he had not heard where these documents came from. U

[] said he would not furnish his telephone number or address due to fear of arrest for his past activities. He said the fear is on the part of his woman, [] who became very upset when she learned last Friday the FBI was trying to locate him. He said he was aware the FBI had interviewed a person in South Dakota and one at the Institute Mountain West, Golden, Colorado, regarding his whereabouts. He said he considers this a form of harassment and came to the FBI office not to cooperate by furnishing any information but to complain of the harassment of his friends. U

He stated his mother is [redacted] in Maryland and is doing an excellent job. He said he is the oldest of eight children. He said he was influenced by his religion to fight against the draft and the war in Vietnam and he has made a sailing trip to both Cuba and North Vietnam, stating "You have heard of the Phoenix." U

He said he lived in a commune in Connecticut where several of the inhabitants were killed and only one man out of about fifteen was ever brought to trial for these murders. He said he has also lived in a commune at Taos, New Mexico, and several inhabitants of this commune were killed and the police have taken almost no action. He said he recently heard the same thing happened in Montana where three or four inhabitants of a commune were killed and almost no action was taken by the police and no national publicity was given to the occurrence. U

He said he has as little respect for newspapers as he does for the Government and the police. He stated he feels that this part of the country, referring to Colorado, is a much better place to live than the east or the south as the police and the inhabitants of this area are not as inclined to harass his people. U

Referring to the recent disturbances at Boulder, Colorado, he stated the type of people causing those disturbances are not his people as they are out to destroy and he and his people are now dedicated to building their own communities. U

He stated what he finds wrong with the United States Government is that the politicians and the wealthy people are living their lives at the detriment of other people ; that that is why he originally set out to tear down this Government and the reason he has now disassociated himself with the Government. When asked what other form of government he felt would be better than this form of government,
